experience

- | | | |
|------|---|-------------------------------------|
| 2020 | Online sudoku game
Sudoku game. | Web game |
| 2020 | Simple IRC chat copy
This project is a super simple version of the old chat software IRC where one can create channels and has main admin commands available to him. And anyone can join that newly created channel. | Web app |
| 2020 | MySoccerSkills
This was a fully functioning minified version prototype of a startup idea. The website posts workout routine to soccer players and tracks all their statistics, time, streaks etc for registered users
http://mysoccerskills.net | Web app |
| 2020 | Database web app
I made this for a person i know that needed some database and a search tool to store information for faster lookup and transition from paper folders. | Web app |
| 2021 | Akstur - Bókhald öukennarans.
Progressive web application for driving instructors booking and to keep track of student progress. This app is a website that can be installed like an phone application and can work properly with poor internet bandwidth. | Progressive Web App |
